

# GEOGRAPHY 201

## LAB INTRODUCTION

Fall, 2017

**Labs:**

Lab	Day	Time	Instructor
001	Tues	2:50-4:40pm	Pete Tereszkievicz
002	Wed	9:40-11:30am	Tyler Dearman
003	Wed	12:00-1:50pm	Tyler Dearman

All labs meet in Room 202 Callcott Building

**Lab Instructor Office Hours & eMail Addresses:**

Office	Office hours*	Email
Tyler Dearman, Rm 107	Wed. 2-4:00	<a href="mailto:tdearman@email.sc.edu">tdearman@email.sc.edu</a>
Pete Tereszkievicz, Rm 123	Wed. 4-5:00; Th 9-10:00	<a href="mailto:petert@email.sc.edu">petert@email.sc.edu</a>

*\*If office hours for your instructor do not fit your schedule, you can meet with another instructor to go over materials, or make an appointment with your instructor for another time.*

All labs will initially meet in Rm 202 Callcott Building, but may move to Rm 204 Callcott or outdoors for some labs as noted by your lab instructor. Owing to limitations to space and equipment, please attend your assigned laboratory section. If you cannot meet at your appointed lab time for a given week, you may be able to attend an alternate lab but you should make arrangements with both lab instructors beforehand.

**Laboratory Manual:** Landform Geography Laboratory Exercises, by Allan James, Kendall/Hunt Pub., ISBN 978-1-4652-3705-7. Available in university book stores. Used copies are inappropriate because they may be missing exercises and probably not available.

**Grades:** More than two absences from lab will result in an F for the course. Labs will not be assigned a letter grade, but final lab scores will be added to lecture scores and used to determine your total course score. A total of 150 points is possible in lab and will be determined by your lab instructor based on points earned on lab exercises, quizzes, participation, attendance, and a project described on a separate handout.

	Points	% Lab Grade
Two Lab quizzes @15 pts	30	20
Daily exercises	84@6.5 pt/lab	56
Participation	<u>11</u>	<u>7.3</u>
Subtotal:	125	83.3
Lab Project	<u>25</u>	<u>16.7</u>
Total:	150	100%
